Subject: RE: Petition For Revision of Alaska's Fish Consumption Rate

Hi Michelle,
Just left you a voicemail in response to your call.

The quick summary for others of what I relayed to Michelle -- we are reviewing the letter and are clarifying if this would require a HQ response. Usually, petitions like this are addressed to the Administrator and responded to by HQ because the request involves a potential federal rulemaking. I also let Michelle know that, whoever handles the response, we will let ADEC know how we plan to respond before we send it. Thanks.

Angela Chung

Michelle –

I don't see any cc's indicated on the incoming letter, so I wanted to send it along to make sure you were aware of it.
